Benedict XVI

THE POPE EMERITUS

"Benedict XVI: The Pope Emeritus" shows us the great milestones of his life: professor, expert of the Second Vatican Council, collaborator of John Paul II, and his pontificate that ended with an unimaginable surprise: his resignation. His battles for faith and for transparency within the Church provoked criticism and disloyalties. It was a long Way of the Cross which ended with a master lesson of humility giving way to his successor, Francis, whom he obeyed and never criticized.

Lourdes

THE HANDS OF OUR LADY

Since 1858 a small village has been the travel destination of millions: men and women with all types of physical and mental ailments and diseases travel on their own, even some times carried by others; arrive on a pilgrimage to the Grotto of our Lady of Lourdes. These pilgrimages continue to this day, however none of these pilgrimages have never been recorded from the inside and live. Lourdes: The hands of the Our Lady shows an amazing reality in which the beauty of giving ourselves to others, helps ease the harshness of a life ravaged by disease, with dignity and love. Even through illness and disability, there is still much to offer the world, albeit paradoxical...

Power In My Hands

A STORY OF HOPE AND THE POWER OF PRAYER

"Power In My Hands" is a film that uncovers the beauty, timelessness and power of the rosary. Its primary purpose is to help viewers understand the power to revitalize America – a society in spiritual crisis, and instill an active response to the Blessed Mother's plea for prayer. Hope through Jesus Christ is the ultimate goal of this film. Throughout history, humanity has been urged to respond to great needs and spiritual crisis. In modern times, this has been seen from the pleas of St. Pope John Paul II to Pope Benedict XVI to Pope Francis. And the Mother of Jesus Christ has called upon humanity to respond as noted in various major approved apparitions. We have only to look at the messages given at Fatima, Akita in Japan, Kibeho in Africa and most recently in San Nicholas in Argentina approved by the Church in 2016.

A DOCUMENTARY ABOUT THE BEAUTY OF FAITH

One of history's greatest examples of the triumph of spiritual power over violence and oppression is vividly recounted in *Liberating a Continent*: John Paul II and the Fall of Communism, a new documentary film that poignantly captures the intricate role played by John Paul in the fall of Communism and the liberation of central and Eastern Europe. Featuring the unique insights of intellectual and cultural leaders such as papal biographer George Weigel, esteemed Polish historian Norman Davies, Supreme Knight Carl Anderson, John Paul's lifelong assistant Cardinal Stanisław Dziwisz, and Solidarity founder Lech Wałęsa—this inspiring film gives an inside look at the improbable downfall of one of history's most brutal regimes. Narrated by Jim Caviezel (*Passion of the Christ* and *Person of Interest*) and with original music by Joe Kraemer (*Mission Impossible: Rogue Nation*, *Jack Reacher*) this is the incredible story of one man's unwavering faith born of deep personal suffering, his steadfast defense of the dignity of the human person amidst the horrors of Nazi and Soviet Occupation, and his unyielding belief in the spiritual unity of Europe. *Liberating a Continent* convincingly reveals how these convictions toppled an evil empire—and how they remain today the moral foundations for a prosperous and free Europe.

In it the Catholic Church faces terrible challenges such as the triumph of Protestantism in several European countries and the secular revolutions unleashed in 1789. A period of light and shadow, in which the Catholic faith is consolidated in the new missions in America, Asia and Africa. Ideal for schools, and for anyone who wants to form a general idea of that fascinating time that continues to influence our 21st century.

Now and at the hour of death

A young American soldier has just been seriously injured. He suffers, but he is calm. With his clenched fist, dirty with blood, he raises a rosary... For the directors Mariusz Piliś and Dariusz Walusiak, the story of this photograph becomes an inspiration to embark on a journey of several months across four continents to check if - as the Catholics say - the recitation of the rosary can change the course of history. Is it true that a crusade of the rosary caused the Soviet troops to withdraw from Austria, and that the prayer of the rosary of hundreds of thousands of demonstrators caused the fall of Fernando Marcos in the Philippines? Will the mystical vision of the Nigerian bishop say that Boko Haram in his country would be defeated thanks to the prayer of the Rosary? Will a million white rosaries restore peace in Ukraine? This is the great epic story about the power of the rosary, intertwined with the destiny of the world and of people...

The prophecies of Humanae Vitae

A BALANCE AFTER 50 YEARS OF A CRUCIAL ENCYCLICAL

The encyclical Humanae Vitae warned half a century ago of the extraordinary consequences of contraception worldwide. It would boost conjugal infidelity, the general degradation of morality and the loss of respect for women ... and it would also become a dangerous weapon in the hands of public authorities. Have these forecasts been met? In this documentary several international experts depict with strong colors what is happening in a society that did not listen to the warnings of Pope Paul VI.

Mirrors of Spain

THE FOUNDATIONS OF TERESA DE JESUS

Unpublished images have uncovered the atmosphere that surrounds the sixteenth-century Carmelites who met their founder, and where their daughters today still live, faithful to their charism. Accompanying the hand of Teresa at the closure of their monasteries, we feel the personality of this woman in love with Jesus Christ. After four and a half centuries, in the 17 monasteries that are presented here, and in another 800 scattered all over the world, the Carmelites continue to offer their lives in silence for their brothers and sisters. From its foundations Teresa wrote to her beloved Father Gracián, in December of 1576, that the Pope should be informed of how these houses are made in "mirrors of Spain".

World Youth Day Krakow

A PILGRIMAGE OF MERCY

In July of 2016, Catholic Youth from around the world descended on Krakow, Poland for World Youth Day with Pope Francis. These pilgrims travelled in the footsteps of St. John Paul II, and other great Saints of Krakow, discovering the rich heritage of their Catholic faith, and being inspired by Pope Francis' chosen theme "Blessed are the Merciful, for they shall receive Mercy." This poignant and inspirational film captures the World Youth Day experience like never before, following youth on their journey with Pope Francis. The film also includes highlights from the program of the Knights of Columbus sponsored Mercy Centre at the Tauron Arena Krakow. World Youth Day Krakow: A Pilgrimage of Mercy reveals the essential truth of World Youth Day: that amidst the seeming chaos of hundreds of thousand of young people breaking out in song and dance, behind the panoply of joyful exuberance and festive celebration, young minds are discovering an appreciation for the Universal Church and young hearts are being transformed by the Gospel.

Pius XII and the Holocaust

THE SECRET STORY OF THE GREAT RANSOM

The story of a great Pope has been eclipsed by the controversies of recent years. Pius XII took the helm of the Catholic Church during World War II. Years after his death he was falsely accused of anti-Semitism and passivity in facing the Holocaust. The Church maintained its neutrality during World War II because publicly speaking against the Nazi would have provoked fierce reprisals. Newly published documents show that Pius XII acted secretly to save hundreds of thousands of Jews by ordering religious institutions under Vatican jurisdiction to welcome and protect whoever in danger. The truth about Pius XII is revealed with unknown images to this day and eyewitnesses talks, such as that of a Holocaust survivor who escaped from deportation hidden in a nunnery in the Eternal City.

POVEDA

This biographical drama film tells the story of Pedro Poveda (Linares, 1874 – Madrid, 1936), a tenacious and innovative priest who opened new paths in education and pioneered the rights of women in the early twentieth century. A victim of intolerance, he was murdered at the outbreak of the Spanish Civil War. In 1974 he was awarded the title of “Educator and Humanist” by UNESCO and was canonized by Pope John Paul II in 2003. Poveda’s success in educating and promoting poor illiterate children living in the Caves of Guadix in Southern Spain finds staunch opposition. He has to move to Covadonga, in the Northern mountains. There he starts a new Christian movement, led by young women, which will become the Teresian Association. For its development he relies on young Pepita Segovia (Elena Furiase), one of the first women of her time to receive a university degree in education. Poveda continues his work in spite of the social and political turmoil that intensified in the beginning of the thirties and escalated into a civil war. Caught in the middle of the conflict, Poveda, a man of peace and dialogue, gives his life for his faith, leaving behind a legacy of light and hope.

Hand in hand with the Virgin, he became the boss who tore down walls to speak with the workers as equals. He preferred sensitivity over indifference, a smile over distance, courage in the face of adversity... Enrique Shaw's example shows us that life is worth living when it becomes an act of love for your neighbor. It was said that if there were more businessmen like him, the world we live in would be a very different place.

The Infant Jesus of Prague

THE FASCINATING STORY OF A UNIVERSAL DEVOTION

"The legend tells that a Spanish monk carved the Infant Jesus so he would protect a monastery near Seville against the Moors who occupied the Iberian Peninsula for many centuries. When he couldn't carve the face into the figure, the Infant Jesus appeared before the monk and helped him finish his masterpiece. The statue protected not only the monastery, but the whole peninsula, which was later freed from Muslim rule." This documentary tells the amazing story of the Infant Jesus of Prague. We travel to the places touched by the famous statue, like the city of Ávila, El Escorial and Prague, where it is currently on display. From the Spanish court the statue of the Infant Jesus was moved to Prague in the hands of the extremely devout María Manríquez de Lara, wife of the Bohemian nobleman Vratislav z Pernštejna. Their daughter, Polyxena von Lobkowitz, gave the statuette to the community of Discalced Carmelite Fathers of Prague. The documentary follows a living Infant Jesus who makes his way through the streets of Spain and Prague.

THE MISUNDERSTOOD POPE

M-27940-2014

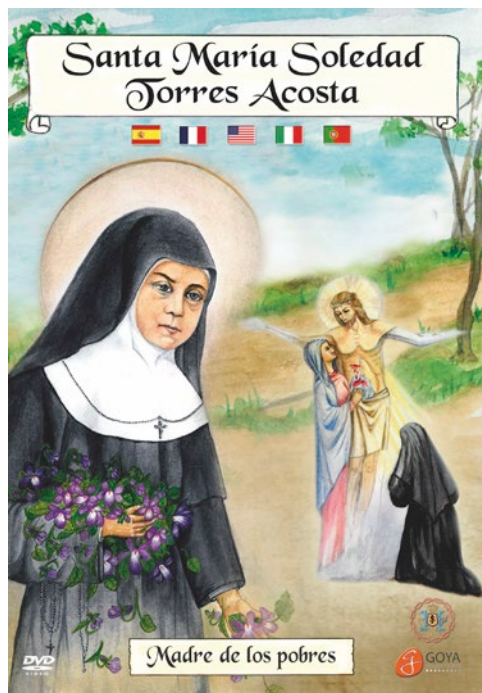

**Paul VI****THE MISUNDERSTOOD POPE**

Goya Producciones presents, with the collaboration of RAI, a shocking documentary that reveals the enigmatic and much controverted pontificate of Paul VI. Pope Paul ruled the Catholic Church through one of the worst crises in its history. He was under fire from fundamentalists, pro-guerrilla priests, and sexual revolution advocates, not to mention a press without scruples. He managed to steer the course of the Church through a revolution that shook the moral basis of a civilization. He was the first Vicar of Christ to visit Africa, America, Oceania and Asia... The first to visit the Holy Land, the first to speak at the United Nations. He was an open minded, pious Pope... maybe too modern and prophetic to be understood by the people of his time.

Faustina

THE APOSTLE OF DIVINE MERCY

This award-winning movie is a beautiful representation of the mystical life of St. Maria Faustina, who became the "Apostle of Divine Mercy". It tells the story of her mystical experiences as a nun living in a convent in Poland in the early 20th century. It is to her that Jesus appeared and commanded that she be his instrument for promoting devotion to his Divine Mercy, and that the Feast of Divine Mercy be established and celebrated on the Sunday after Easter. He also requested from Sister Faustina that an image be painted and venerated of him and his Divine Mercy, and asked that we pray especially the Chaplet of Mercy. The story and film are based on her own writings from her "Diary", which has become a worldwide best-selling spiritual work. She was canonized by Pope John Paul II in 2000 as the first saint of the new millennium. Actress Dorota Segda received great critical acclaim by European film critics for her stunning portrayal of Sister Faustina.

Francis

THE POPE OF CHANGE

This 52 minutes film shows the striking ascension to the top of World's popularity of the, at that time, almost unknown Argentinian cardinal,. It also reflects the radical change of the Catholic Church's image that he has generated. A brief street poll with people of various nationalities and beliefs suggests the extension of this phenomenon. What can be the causes of such spectacular change in the public opinion? The film gathers the answers from prominent cardinals, experts in social networking such as Gustavo Entrala, vaticanists like John Allen, journalists as María Ángeles Fernández or the Vatican's chief press officer Federico Lombardi. "For them, one of the keys of his popularity are the deeds and facts that people have seen Francis doing, which transmit to them simplicity, tenderness, poverty, hope and joy. They all admit feeling a real Francis effect", says the CEO of Goya Producciones Andrés Garrigó. Where is Francis leading the Church? What will he actually change? On these question marks the documentary offers the views of the cardinals of Paris, New York, Bombay, Lima, Sao Paulo, Santiago de Chile, Quebec, Seville and Westminster. Their answers open exciting new horizons. Together with amazing images of this memorable first year, the documentary offers anecdotes humorous details, provoking messages, opinions and clues to understand an already historical papacy.

The Early Christians

THE INCREDIBLE ODYSSEY OF EARLY CHRISTIANITY

The Empire persecuted Christians and was eventually converted. The barbarians sacked Rome, but were converted too. How did the religion of Love win against paganism and barbarianism? How did the first Christians live? Who were their most terrible enemies: lions... or heretics? How did they defend their faith? How did they propagate it? The blood of the martyrs was the seed for new Christians. But after the persecutions of the Romans and the barbarian invasions came another grave danger for the new religion: heresies... They would not be deadly. On the contrary, they provided the opportunity to define the essential truths of Christian faith, consolidating a millennial church.

The Pope defends the family from the lay offensive. One of the greatest mass successes of the pontificate of Benedict XVI was the World Meeting of the Families in 2006 in Valencia. With extraordinary force, the Pope, before one and a half million people, defended the institution of the family from the attacks of some radical media and institutions. The meeting was a celebration of human love, fidelity, generosity and the extended family, where grandparents are both memory and examples of faith. Famous singers such as Montserrat Caballé entertained the Meeting. As well as artistic activities there were children's parties and a Theological-Pastoral conference on the family

This exciting historical series of nine half-hour documentaries covers the decisive years from the crisis of the end of the Middle Ages to the end of the religious wars of the 17th century. Attempts to reform the church "from within" were successful in Spain under Ferdinand and Isabella, but failed in other countries. Reform "from without" triumphed in Germany with Luther and spread. England broke with Rome. Europe was divided. The religious wars would not end until the peace of Westphalia in 1648. But the Catholic Church was renewed in the Council of Trent and began far-reaching reforms.

Is there any truth in the web of lies which some people spread against Cardinal Ratzinger? This film shows exciting images of the end of the age of Wojtyla, his funerals, the election of his successor and the new style of the current Pontiff. The Conclave

HOW IS ELECTED A POPE?

The death of John Paul II illustrated just how important the selection of a new pope is for so many people around the world. This documentary goes beyond the inevitable speculations about WHO might be the next Pontiff and instead transports us back to the times of St. Peter and depicts how the Catholic Church has chosen its leaders over the past 20 centuries. It combines interviews with cardinals, historians, ambassadors and journalists with some truly remarkable images from Church archives and selected scenes from the film "Pope John XXIII" (the rights to which we have acquired expressly for this project). Including Benedict XVI, there have been 265 popes who have manned the helm of the Catholic Church since the death of Jesus Christ. How were they named? This intriguing aspect of the evolution of St. Peter's legacy over the centuries tells a passionate tale of papal ascendancies, imbued with the essence of historically dramatic episodes: crises, schisms and the numerous battles fought to stem the challenges posed by so many formidable powers. We will also explain how a conclave is prepared, including all the meticulous rites and secrets of these enigmatic processes

Viceroy Palafox

DON JUAN DE PALAFOX Y MENDOZA

An extraordinary figure of the 17th century in Spain and the Americas. One of the leading figures of the 17th century in Spain and the Americas was Juan de Palafox y Mendoza. The illegitimate son of a marquis, he rose to prominence in the court of the king, and later became Archbishop of Mexico. He would eventually become Viceroy and Captain General of New Spain. We owe the splendid cathedral of Puebla de los Ángeles to him. He was also a writer, a promoter of faith and the arts, poet, jurist and defender of the Indians. Persecuted and slandered, his life reads like an adventure novel. His enemies convinced king Phillip IV to bring him back to Spain, where he ended his days as the bishop of a small town. His canonization process has ended favorably after 350 years of often passionate controversy.

APOSTLE OF PRIESTS

This famous archbishop of the second half of the 20th century was a father of the II Vatican Council and fought to preserve the faith in the difficult times of the post-Conciliar period. Earlier, he had risked his life in the Spanish Civil War, helping the priests persecuted in revolutionary Madrid. After a difficult career and much suffering, he was finally promoted to Archbishop of Valencia. But, above all, he was "apostle of priests". The church, he insisted, needs exemplary priests, and that requires many prayers. With this end, he founded the Congregation of Oblates of Christ the Priest. Testifiers include the Cardinals Antonio María Rouco and Antonio Canizares.

The Patriarch

THE LIFE OF ST. JUAN DE RIVERA

St. Juan de Ribera was one of the most fascinating characters of the Spanish 17th century. Of noble family and a great humanist, he was bishop, Patriarch, Viceroy and Captain General of the kingdom of Valencia. He was one of the world's prelates who best applied the Council of Trent. To propagate its spirit he created the Royal Seminary of Corpus Christi. Here the tradition of the perpetual cult of the Eucharist is maintained. This program tells the story of his exemplary life in troubled times. The Three Kings

LEGEND OR REALITY?

The Magi must be annoyed by the competition of Santa Claus. The Magi are not a commercial invention. They are mentioned in the gospels. And if they existed, who were they? Where did they come from? What was their rank? Did they practice magic or astronomy? What kind of star did they follow? What did they know about the baby at Bethlehem? What was the meaning of the gold, frankincense and myrrh? Were their remains really buried in Cologne Cathedral? Prestigious experts answer these questions. An astrophysicist explains what could have been the star of Bethlehem. The program also shows the traditions of crib scenes, parades and presents for children. It finishes by contrasting these traditions with the commercial trends which have brought us Santa Claus.

The Holy Grail

LEGEND AND REALITY OF THE CHALICE OF THE LAST SUPPER

Is the Holy Grail sought by the Knights of the Round Table the same one which is venerated in the cathedral of Valencia? Is it the one used by Jesus at the last supper? And if so, how did it get from Jerusalem to Spain? Researchers affirm that the cup venerated in Valencia is of the age of Christ, and it is very probably the one used by our Lord in the Cenacle to institute the Eucharist. They are also sure that the Grail of Arthurian legend is the same one that the European pilgrims of St. James' Way saw in the Pyrenees, and that it later came to Valencia. It is the one which inspired the medieval novels of chivalry, Wagner's opera, Tolkien's books and so many modern films.

The Sudarium of Christ

THE SECRET OF THE FACE OF JESUS

The Holy Sudarium venerated in the Cathedral of Oviedo, Spain, is the one which, according to the Gospel of St. John, covered Christ's head at his crucifixion. This is the conclusion of a team of 40 scientists after twelve years of research. This bloodstained cloth now reveals its exciting secrets. Experts have discovered significant coincidences between the Sudarium of Oviedo and the Holy Shroud of Turin. Both cloths are impregnated with the same blood type, contain pollen from plants of Jerusalem and conserve the perforations of the crown of thorns at the same points... Such coincidences would be inexplicable if they had not covered the same body.
